

COMPANY PROFILE

**PT. ASHYLA
KARYA ABADI**

ABOUT US

PT. ASHYLA KARYA ABADI is a company established to capitalize on opportunities in the field of information and communication technology, particularly in internet access, network infrastructure, data communication services, and application development. With extensive experience and a skilled professional team, we are committed to providing the best solutions for information technology needs in Indonesia.

Since our establishment on February 21, 2024, PT. ASHYLA KARYA ABADI has operated under the ASHYLANET brand, offering reliable and high-quality internet access services. We believe that the right information technology can enhance efficiency and productivity, which is why we continuously strive to deliver relevant and beneficial innovations to our customers.

Focusing on customer satisfaction, we are dedicated to completing every project on time and to the highest professional standards. The trust placed in us by our clients is our top priority, and we aim to build mutually beneficial and sustainable relationships.

Vision

To become a trusted information technology service provider in Indonesia, delivering the best services and ensuring customer satisfaction.

Mission

- To develop information technology that meets the needs of today's society to achieve customer satisfaction.
- To provide fast and stable internet access services to support both business and personal activities.
- To build reliable and secure network infrastructure to enhance connectivity.
- To offer efficient and effective data communication services to support business operations.
- To develop innovative and user-friendly applications that meet user needs.

Internet Service Provider
